

MOBILE WEST
CANNING

Mobile West Canning

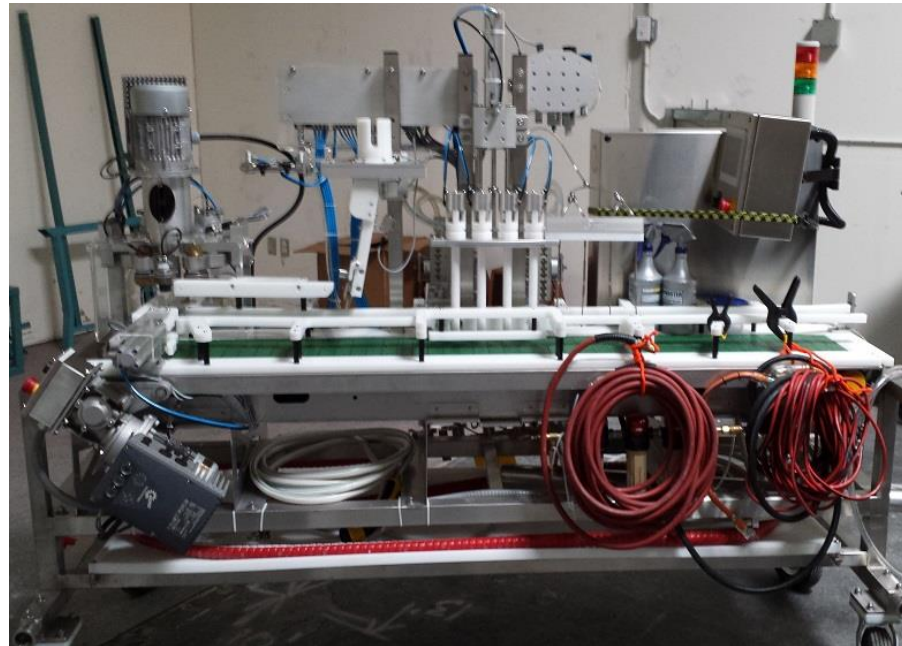

YOUR CANNING DEPARTMENT

Mission

Whether large or small, Mobile West Canning wants to be your brewery's canning department. We are focused on quality and service. It's about delivering the best possible beer experience to your customer.

Why Cans

- Beer Quality – Protecting the integrity of the beer
 - Cans are lined with a water based polymer to protect the freshness and flavor
 - No air allowed
 - No light allowed
- Environmental – Cans are
 - Infinitely Recyclable
 - Much lighter than glass for more cost effective shipping
 - Cans cool faster

Why Cans (continued)

- Convenient - Cans
 - Pack tighter
 - Are more portable
 - Are easily disposed / recycled
 - Don't break, compress when empty
 - No bottle opener necessary
- Acceptance – Cans go where your customers want to be!
 - Pool, Golf Course, Park, Beach
 - Boating, Fishing, Camping, Tailgating
- Marketing
 - Cans are a 360 degree billboard for your brand
 - Drive traffic to your brewpub / tasting room

Why Mobile West

- Cost effective
 - Turn brewing capacity into profit
 - No need to invest capital in a canning line
 - No dedicated space for a packaging line
 - No down or idle time

Why Mobile West (continued)

- Scalable to fit your needs
 - Automated canning line at 40 cans per minute
 - From fill only to complete turnkey solution and everything in between
 - On demand material storage
- Quality
 - From loading the cans in the De-pal, twist rinse sanitizer, the fill, to the seam, we strive to make sure every can that goes out is the best representation of your brand.

Why Mobile West (continued)

- Easy and Flexible
 - We come out when you and the beer are ready
 - Your local packaging partner
- Mobile Canning Systems affiliate
 - Training, support, logistics
 - Lower minimums
 - Best sleeve pricing, no minimums, small investment

MWC Value Proposition

Mobile West Canning is an extension of your brewery – think of us as your canning department. Turn brewing capacity into profit day one. We handle all levels of canned packaging projects and operations – from simple fill to complete turnkey canning solutions.
